

# ADOPT A FLOWER BASKET

## *Downtown Lake Geneva*

The Adopt-A-Flower Basket Program is an opportunity for businesses and citizens to make an investment in our community by adopting a flower basket for a one season donation of \$250 per basket. The donation helps offset the cost of the Business Improvement District's flower program.

Donors will select the basket location and the BID plants and maintains the basket. Once the baskets are placed in May/June, the BID will mark the basket with the donor's information. Downtown's goal is to maintain over 140 baskets/planters throughout the year from spring to fall.

*Sponsor Cost: \$250 annually*
